**ADDENDUM NO. 1**

This Addendum forms a part of the Contract Documents and modifies the Contract Documents, Specifications, and Drawings as described below. The Bidder shall acknowledge receipt of this Addendum in the space provided on the Bid Form as failure to do so may subject the bid to disqualification.

**Clarifications:**

The AWOS VHF radio and antenna shall be located at the AWOS site. A UHF radio and antenna remain a requirement to transfer the AWOS sensor data to the Operator Terminal in the GA Terminal/SRE Building. The phone service shall be via a cellular connection (VoIP) and shall be located at the AWOS site. This clarifies conflicting drawings and technical specifications.

This addendum shall become a legal and binding part of the contract documents. All Bidders shall agree to accept the revisions indicated and prepare proposals in accordance therewith.
